Exhibit A: Determination of Substantial Health and Safety Risk

The Board Chair has determined that conducting a meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location. Utah Code section 52-4-207(4) requires this determination and the facts upon which it is base, which include:

- The number of positive COVID-19 cases in Utah continues to rise;
- Summit County continues to have a total case rate of 2,134.4 per 100,000 population, the third highest in the State. Two of the counties that neighbor Summit County have the second the fourth highest case rates in the State;
- The start of the new school year has created uncertainty regarding the potential for increased exposure within the community;
- Park City is a resort community continually hosting visitors from areas which may be experiencing rapid COVID-19 spread; and
- The source of COVID-19 exposures within Summit County include community spread (1.6%), undefined (13.4%) and under investigation (11.8%), raising concerns regarding public meetings.

This determination is valid for 30 days, and is set to expire on October 10, 2020.

Dated September 11, 2020.
