Exhibit A: Determination of Substantial Health and Safety Risk

The Board Chair has determined that conducting a meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location. Utah Code section 52-4-207(4) requires this determination and the facts upon which it is base, which include:

- The number of positive COVID-19 cases in Utah continues to rise;
- On October 8, 2020, the State of Utah is experiencing record breaking 7 day average case counts;
- On October 8, 2020, the percentage of all occupied ICU hospital beds within the State of Utah is 73%, a record breaking high;
- Summit County continues to have a total case rate of 2,651.8 per 100,000 population, the fourth highest in the State;
- The start of the new school year has compounded the potential for increased exposure within the community; and
- Park City is a resort community continually hosting visitors from areas which may be experiencing rapid COVID-19 spread.

This determination is valid for 30 days, and is set to expire on November 10, 2020.

Dated October 9, 2020.
