

# BACKHOE REPORT : JUNE 2021

The following report summarizes active construction projects around Park City. This report is online at [www.parkcity.org](http://www.parkcity.org)  
Please contact Resident Advocate, Michelle Downard at [mdownard@parkcity.org](mailto:mdownard@parkcity.org) or 435.615.5109 with questions.

## PROJECT PHASE LEGEND

PHASE 1	PHASE 2	PHASE 3
Shovels in the ground	Construction Started	Nearing completion

PROJECT NAME	The Tunnel at Kearns Boulevard		
CONSTRUCTION DATES	Project is in the final stages of inspections with minor items due for check off.		
CONTACT INFORMATION		info@SR248tunnel.com	385-375-2111

## PROJECT DETAILS

Project features 100% net zero design: all lighting and electric snow melt system offset by solar panels on railings. A pedestrian tunnel between PC High School and Cooke Drive replaced the street level crossing. Intended to alleviate traffic congestion and provide safer access for pedestrians.
