

IT TAKES A COMMUNITY TO PREVENT WILDFIRES

A painting of a wildfire with thick smoke rising from a road. The smoke is dark and billowing, filling the sky. The road is a two-lane highway with a few cars visible in the distance. The foreground shows dry grass and some small plants. The background shows a hilly landscape under a blue sky with some clouds.

**Wildfire Protection Meeting
Tuesday, September 18 at 6:00pm
Park City Fire District Office
736 Bitner Road**
